Front-End Developer | Angular Specialist

Pisa, Italy | +39 3405335525 | eliagiolli22@gmail.com | LinkedIn | [GitHub](#)

PROFILE Front-End Developer specializing in **Angular** (Signals, standalone components, SSR), with a growing portfolio of self-directed projects built over 6+ months of continuous, hands-on study. Solid TypeScript and component-driven architecture foundation, reinforced by prior professional-level experience with **React** and **Next.js**. Comfortable integrating REST APIs and implementing secure client-side authentication flows (JWT, HttpOnly cookies).

TECHNICAL SKILLS

- **Angular & Front-End:** Angular 19–21 (Standalone Components, Signals, `computed()`, Router with lazy loading, Reactive Forms, SSR via `@angular/ssr`, RxJS interop via `toSignal`), TypeScript, JavaScript (ES6+), HTML5, CSS3, TailwindCSS, Zod
- **Additional Front-End:** React 19, Next.js 15 (App Router, SSR/SSG)
- **State Management & Tooling:** RxJS, Redux Toolkit, React Query, Angular CLI, Vite, Webpack, Git/GitHub
- **API Integration:** REST APIs, JWT authentication (HttpOnly Cookies), working knowledge of Node.js/Express/NestJS
- **Testing:** Karma, Jasmine, Vitest, Jest, React Testing Library
